DETAILED ACTION

Allowable Subject Matter

Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance: the closest prior art of record does not teach or render obvious the claimed apparatus and method, according to independent claims 1 and 4, comprising a position sensitive ion detector fluidly coupled to the time of flight mass spectrometer. The prior art does not teach or render obvious the claimed apparatus and method, according to independent claims 7, 10, 13, and 14, comprising a timing controller that activates the ion extractor according to a predetermined sequence that has a repetitively variable time offset between the activation of the ion source and the activation of the ion extractor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
